

JUNE 18 & 19, 2021
BUCHAREST, ROMANIA

INTERNATIONAL COURSE IN REGENERATIVE MEDICINE, STEM CELLS & AESTHETIC GYNECOLOGY

Dr. Diana Mihai
(RO)

Prabhu Mishra
(IN)

Dr. Rafal Kuzik
(PL)

Prof. Dr. Elvira Bratila
(RO)

ABOUT THE COURSE

We are pleased to invite you to participate in the THEORETICAL and PRACTICAL course “International Course in Regenerative Medicine, Stem Cells and Aesthetic Gynecology”, in Bucharest, on June 18 and 19, 2021.

The course is organized under the Romanian Society of Urogynecology and the Romanian Society of Aesthetic Gynaecology (SREG) and is accredited with CME points by the Romanian College of Doctors.

We are honoured to have international trainers, representing 3 countries.

Dr. Diana Mihai

She is the trainer representing Romania -Founding Member and President of SREG and the Vice President of IASRM as well. She is the first in Romania who has already organized 15 courses in this field and is international trainer and speaker. She will teach you about PRP and Stem Cell and will perform a stem cell autologus transplant in the ovaries for infertility

INTERNATIONAL TRAINERS

Prabhu Mishra

President and Founder of IASRM (International Association of Stem Cells and Regenerative Medicine) will teach you from New Delhi, India about STEM CELL Extraction and Use Protocols in Gynecology, with over 15 years of experience as a researcher in this field of great future in medicine.

Dr. Rafal Kuzlik

Founder of the Academy of Plastic and Reconstructive Gynecology will come from Poland to teach you how to do a correct LABIOPLASTY with concomitant clitoral hood reduction. In addition to this, we will have a patient with complete labial amputation following a labioplasty, with asymmetry and aesthetic and functional defect, in which you will learn how to do a LABIAL FLAP RECONSTRUCTION INTERVENTION..

Prof. Dr. Elvira Bratila

Prof. Dr. Elvira Bratila, founding member of the Romanian Society of Aesthetic Gynaecology and President of the Romanian Society of Urogynaecology and will teach you and perform laparoscopic autologous stem cell transplant in the ovaries for infertility in a case of ovarian failure and infertility.

COURSE STRUCTURE

DAY 1(18 June) : THEORY (& video presentations)

- 10.00 - 11.00: PRP in Gynaecology (Dr. Diana Mihai)
- 11.00 - 12.00: Fat Grafting ,Macro Fragmented Adipose Tissue, Nanofat, Stromal Vascular Fraction (Prabhu Mishra)
- 12.00 - 14.00: Stem cell - Extraction, harvesting and applications in Gynaecological disorders (Prabhu Mishra)
- 14.00 - 15.00: Lunch break
- 15.00 - 16.30: Labioplasty techniques, complications and reconstruction techniques (Dr. Rafal Kuzlik)
- 16.30 - 18.00V Videos and Presentations : labia majora plasty, majora fat augmentation, vagino-perineoplasty, hymen restoration.(Dr. Rafal Kuzlik)

PRACTICAL TRAINING

DAY 2(19 June) : Expert practical training (3 patients in the Operating Room for labioplasty, fat grafting , labial reconstruction and vaginal PRP, AUTOLOGUS BONE MARROW STEM CELL TRANSPLANT for infertility - laparoscopical injection in the ovaries)

- 10.00 - 13.00: **Autologous Bone Marrow stem cell transplant for infertility** - laparoscopical injection in the ovaries performed by Dr. Diana Mihai, Prof. Dr. Elvira Bratilla and Prabhu Mishra
- 13.00 - 14.00: Lunch break
- 14.00 - 17.00: **Labia minora flap reconstruction** (after previous amputation during labioplasty) & **labia majora augmentation with fat grafting**
- 17.00 - 19.00: **Labioplasty and Clitoral Hood Reduction** (for complicated labia minora hypertrophy case) learn from Dr. Rafal special “One Cut Technique” and **vaginal PRP (clitoris and G spot)**

WHAT WILL YOU LEARN

Participants will learn from Dr. Diana Mihai and Prabhu Mishra how to obtain a correct and active PRP, how to calculate the required dose depending on the case, what syringes and needles you need and how to inject. And of course, clinical indications and protocols for **female sexual dysfunction, urogynaecological use, vaginal atrophy, PRP use in obstetrics and with major surgery as well (cancer, hysterectomy, reconstruction, etc).**

PRP STEM CELLS

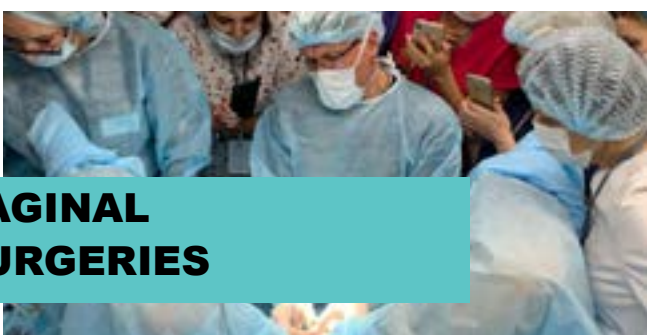

The Fat Grafting and Stem Cell part will include all notions of THEORY you need to know in order to understand and use this type of Regenerative Medicine. As well, you will see VIDEOS WITH THE PRACTICAL PART recorded in the laboratory in New Delhi, India, in which you will learn the steps to **obtain stem cells and fat tissue** and exactly what equipment you will need if you want to do this procedure in Romania and also information about the legislation in force - from Prabhu Mishra.

FAT GRAFTING ADIPOSE STEM CELL

You will learn from Dr. Rafal Kuzlik all you need to know about **labioplasty** techniques, complications, reconstruction and other **vaginal surgeries** as well, focusing on complicated expert cases.

VAGINAL SURGERIES

FEE STRUCTURE

VIP: price 3000€

- Participate at DAY 1 online : videos and theory
- DAY2: participate in the OR at the 3 surgeries with the experts
- 14 days access to the entire Course recording of DAY1 and DAY2 (you can watch it from your home whenever you want)

EXPERT: Price 1000€

- Participate at DAY 1 online : videos and theory
- Participate in the OR at 1 of the surgeries with the experts (you can choose one of the 3 cases)
- 7days access to the entire Course recording of DAY1 and DAY2 (you can watch it from your home whenever you want)

Basic Price: 500 €

- Register and pay before 16 June and watch the FULL RECORDING OF DAY 1 and DAY2 in the next month **WHENEVER YOU WANT**
- Until 17.07.2021 you can request access to full course recording including all 3 surgeries
- You will get 7 days **ONLINE** access from the day you request the access
- You can participate as well live at DAY 1 online if you want

Online: Price: 700€

- 7 days access to the entire course DAY1 and DAY2 at your demand
- for doctors that register **AFTER THE COURSE HAS TAKEN PLACE** (registration and payment after 18 June2021).

Course location: **BUCHAREST, ROMANIA**
Course dates: **18 and 19 June 2021**

Course language: **ENGLISH**

Mentions: Each participant is required to come with a rapid test or PCR COVID done in advance.
